## Transportation Improvement Program (TIP)

Timothy Chelius, PP, AICP, SJTPO Executive Director

Mr. Chelius will give a general overview of the Transportation Improvement Program (TIP) development process. The TIP is a list of projects and programs scheduled to be implemented over a period of at least four years. Transportation projects must be included in the TIP to receive most types of federal funding. Generally, SJTPO issues a new TIP every other year. The next TIP, to cover FY 2016-2025, is scheduled to be released later this spring. Currently there are forty-eight local highway projects in the TIP.
