Atlantic City has requested to add its new project to the TIP. In 2021, Atlantic City was awarded a Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Discretionary Grant for \$10,349,444.00. The federal dollars will be used in combination with other federal funds through SJTPO's Congestion Mitigation & Air Quality Improvement (CMAQ) Program and a required non-federal match to be provided by the City. The total project cost will be \$13,619,333 and will be conducted in two phases both anticipated to be FFY 2025. The grant funding will be used, in part, to complete a Smart Traffic Signal System on Pacific, Tennessee, and Iowa Avenues. A second phase of the project will include a Smart Traffic Signal System on Atlantic Avenue and the installation of a road diet between Tennessee and Albany Avenues, to improve safety for bicyclists, pedestrians, transit users, and motorists.
